

McMullen Creek Wastewater System Improvements

**You're invited to attend
a community meeting**

You're invited to a community meeting to learn more about an upcoming wastewater system study and potential improvements in your area.

Charlotte Water will begin conducting field investigation work in your area to evaluate the condition of the wastewater system and identify potential improvements that will enhance the future wastewater system in the community.

This public information meeting is for residents and businesses on the west side of Quail Hollow Club, and includes sub-areas approximately bound by Sharon Road to the north, Park Road to the west and Quail Hollow Road to the east. Project representatives will share more details about the process, the wastewater system capacity needs and any proposed plans.

COMMUNITY MEETING
